Subject: latest draft of BBA chapters (Chaps 2 & 4)

Hi all,

You are about to receive a series of emails from me, with the latest versions of all chapters except Chapter 1 (still under development). I will also post these on Quickr tomorrow morning. I know some of you still have edits you'd like to make to these versions, and we'll make sure those get incorporated into the next round, but I wanted to get these out sooner rather than later.

A few general notes, as you start carefully reading the tome:

- Please use these chapter versions with track changes as you read through and comment.
- Ignore formatting issues (e.g., headers, footers, table formatting, etc.) – particularly where it's clear something hasn't been formatted yet.
- Throughout the chapters, you'll find outstanding comments – please address any of these that you're able to, so we can get these issues resolved.
- Be sure to comment on all figures and maps.
- For Chapter 7, you'll need both the Word text and the Excel spreadsheet files (excel file

contains large tables).

- Please get comments on Chaps 2-6 in by this Friday (we'll be turning these chapters over the management first, followed by Chaps 7-14 a week later).

That's it for now – happy reading!
